

Gender equity initiatives: On 1st October 2019, a lecture on women empowerment was delivered by Prof. Manju (Department of Botany), Career Point University, Hamirpur. In her speech, she laid stress on the issue of gender inequality. She further added that equal rights of men and women in the society improve the sex ratio and the economic status of women. She also made the girl students aware of the various government aided self-employment schemes. As the institution has a majority number of girls and many of them are first-time voters, various voter awareness programs are organized in collaboration with the local administration to make them aware about their voting rights and the importance of every single vote casted. The institution is strict towards providing safety and security to the girl students. The institution tries to provide a safe and good atmosphere. To meet this end, the institution has constituted various committees like 'Prevent Sexual Harassment of Women at Work Place Committee' and 'Anti-Ragging Committee'. The name and contact numbers of the committee members have been displayed on the college premises and website so that it can readily be assessable. Anti-Ragging Squad and Task Force/Eve Teasing/Discipline Committee takes rounds of the college premises on a regular basis. The Redressal cum Adolescent counseling Cell and Mentors provide counseling and aim at helping the young students especially girls to deal with their feelings, behaviors and thoughts. The college has a provision for Girls Common Room where the girls students may relax and go for recreation. The room is equipped with a Vending Machine, Chairs, Fans, indoor games like carom and chess etc.
